

### 7.1.7 Green practices

- **Students, staff USING**
  - a) **Bicycles**
  - b) **Publictransport**
  - c) **Pedestrians friendly roads**
- **Plastic free campus**
- **Paperless office**
- **Green landscaping with trees and plants**

**Green Practices followed by both the faculty members and the students in the campus are:**

a) **Bicycles:**

The faculty members and students residing nearby are encouraged to come by bicycles. Thus we prevent the emission of carbon dioxide in the campus.

b) **Public Transport:**

The institution is located just less than 1 km from the highway. So we encourage our faculty members and students to use the public transport for safety, security and fuel conservation.

**Pedestrians Friendly Roads**

The campus has wide, well maintained black top roads, covering every nook and corner of it. It has foot paths on both the sides. The surrounding Walker's Club members also use our roads fervently in the early mornings and late in the evenings.

**Plastic free campus:**

Use of plastic bags and cups are discouraged in the campus. Even in the canteen usage of steel plates/ leaf plates and steel cups or paper cups are mandatory.

**Paperless office:**

The Management has taken keen interest to make the office a paperless office.

- The accounts/office and academic information is stored and maintained through systems only
- The complete campus is Wi Fi enabled, making it much easier for paper less activities
- Even the official information and circulars are preferred to be sent only through mails.

**Green landscaping with trees and plants:**

The institute has taken several measures for planting to make Green Campus. 50% of total area is covered with trees and lawns. A number of trees exist at different places in the college. Tree plantation in the campus is the regular activity of the NSS.
